1	PROCEEDINGS
2	CHAIRMAN MAGUIRE: Okay. Suzanne, would you
3	lead us in the pledge?
4	MS. GREEN: Sure.
5	(Pledge of Allegiance.)
6	CHAIRMAN MAGUIRE: All right. I assume
7	Justin's going to show up?
8	MS. GREEN: He said he's stuck in
9	MR. WUELLNER: Yeah, he's stuck in traffic
10	MS. GREEN: traffic.
11	MR. WUELLNER: and he just wanted to
12	CHAIRMAN MAGUIRE: I am not surprised.
13	MS. GREEN: Yeah.
14	CHAIRMAN MAGUIRE: Not surprised.
15	MEETING MINUTES
16	CHAIRMAN MAGUIRE: Okay. All right. Meeting
17	minutes, anybody have any updates, changes,
18	modifications?
19	MR. OLSON: No. They were just very long. It
20	took a long time to read them.
21	MS. LUDLOW: You should look at the picture.
22	CHAIRMAN MAGUIRE: That means that it's quite
23	detailed, isn't it?
24	MR. OLSON: Yes.
25	CHAIRMAN MAGUIRE: All right. In that case,

no comments, they'll stand as submitted. 1 2 FINANCIAL REPORT ACCEPTANCE CHAIRMAN MAGUIRE: Financial report 3 4 acceptance, any comments on that? MS. LUDLOW: Yes. No. Yes. Well, at least I 5 6 said yes first. Dick always said, "Why do you always say no first?" 7 No, no comment, but I just wanted to say that 8 Ed's been very generous with his time, and so some 9 of us are going to meet with the accountant so that 10 I can understand the things better. So I don't 11 have any comments. 12 CHAIRMAN MAGUIRE: Thank you, very much for 13 your non-comment. I like it. 14 Okay. They will stand -- financial report 15 will stand as presented. 16 17 AGENDA APPROVAL 18 CHAIRMAN MAGUIRE: Agenda approval. Any 19 changes? Yes, ma'am. 20 MS. LUDLOW: I have a question. I didn't 21 really understand our whole -- the agenda here. 2.2 So, is most of it just informational or are we 23 going to vote on any of these things like business 24 planning or are we going to vote -- have to vote on 25 anything today? Because we just got these at 12:00

on Friday. So, if we're going --1 CHAIRMAN MAGUIRE: Well, on the business 2 3 planning --4 MS. LUDLOW: -- to have to vote, we need to 5 change the agenda. 6 CHAIRMAN MAGUIRE: -- there will not be a lot of discussion you will not understand on business 7 planning. That's going to be pretty simple. 8 9 MS. LUDLOW: Really? 10 CHAIRMAN MAGUIRE: You'll understand it completely. 11 MS. LUDLOW: Oh, okay. Are -- are we voting 12 13 on anything today? CHAIRMAN MAGUIRE: Probably will. 14 MS. LUDLOW: Well then, I have a -- I have an 15 exception to the agenda. 16 CHAIRMAN MAGUIRE: Okay. What's the 17 exception? 18 19 MS. LUDLOW: All right. Then I don't think 20 that the memorandum of understanding should carry forward. I don't think the contract award should 21 22 carry forward. 23 This -- we got this at 12:00 Friday, and then 24 you send us 12 pages of one thing to look at from 25 Passero and -- and the bids and things like that

1 and we're supposed to vote on this today? That's
2 not right.

3 MR. WUELLNER: Yeah, you -- the only thing you 4 got Friday was the final version of the MOU. 5 Everything else was out early last week. You may 6 not have seen it. It was out on the 12/3 --MS. LUDLOW: Well, it went from six pages to 7 8 twelve. MR. WUELLNER: It was over -- it was over a 9 week ago or about a week ago you got it. 10 MS. LUDLOW: I have -- I have the old one 11 right here and I can tell you exactly what --12 MR. WUELLNER: 12/3. 13 MS. LUDLOW: -- you know, was added to it. I 14 don't think we should vote on something that we get 15 on Friday at noon. 16 CHAIRMAN MAGUIRE: Point taken; however, do 17 18 you understand what's going to be discussed? 19 MS. LUDLOW: Do you understand when you 20 approve his lease plan when you haven't even been 21 down to the airport? 2.2 CHAIRMAN MAGUIRE: I'm talking -- I'm talking 23 about this particular issue you brought up. Do you 2.4 understand it even though you got it on Friday? 25 MS. LUDLOW: I understand it perfectly. I

have had two meetings with eight people. 1 2 CHAIRMAN MAGUIRE: Okay. 3 (Mr. Mirgeaux joins the meeting.) 4 MS. LUDLOW: Yeah. And every one of them will 5 stand up and say the same thing. 6 CHAIRMAN MAGUIRE: All right. MS. LUDLOW: It isn't just me. I represent 7 the airport and I represent SAAPA, and I don't 8 9 appreciate being talked down to at all. 10 CHAIRMAN MAGUIRE: Who's talking down to you? MS. LUDLOW: You. 11 CHAIRMAN MAGUIRE: No, that was a question. 12 MS. LUDLOW: You said it was a business, that 13 maybe I didn't understand business? 14 CHAIRMAN MAGUIRE: No, I did not. You can go 15 back and look at the record. I said it's a 16 business that you should understand with your 17 18 experience. 19 MS. LUDLOW: I do. I don't think we should 20 vote on something that we get on Friday. 21 CHAIRMAN MAGUIRE: Okay. We have a -- is that 2.2 a motion? 23 MS. LUDLOW: A motion -- well, let me think 24 how to say that because I didn't think we were 25 voting on anything. If we don't have to vote on

anything, I accept the agenda. If we're voting on 1 2 something, I don't accept the agenda. 3 CHAIRMAN MAGUIRE: Okay. 4 MS. LUDLOW: So what are we voting on? 5 CHAIRMAN MAGUIRE: Ed, she wants to know which 6 items we're voting on. MR. BURNETT: If I -- if I may interject. 7 Perhaps, Ms. Ludlow, there are specific items 8 from the agenda, an item or a specific item, that 9 in connection with your motion, your motion may be 10 that you would remove all business items from the 11 agenda or remove and list the agenda items that you 12 would want to remove from the agenda that are 13 specifically listed under business items. 14 MS. LUDLOW: Well, that's --15 MR. BURNETT: Because typically those would be 16 the -- any one of those items four items, the way 17 it's noticed, would be an item that could be voted 18 19 on by the Authority. 20 MS. LUDLOW: No. Officers and committees, 21 don't have to worry about that one. 2.2 Memorandum of -- of understanding, yeah, I 23 have a lot to say about that. 2.4 The contract award, I have to say I think 25 Passero does a fine job. And I went through every

one of them; I didn't see any minority or 1 2 women-owned companies like the FAA and FDOT 3 require, and so contract award, I have a lot to say 4 about it, but I guess I would -- I'd have to vote 5 on it. 6 Business planning with Passero, I didn't understand how -- how our architect and building or 7 plan engineers did our business plan. 8 CHAIRMAN MAGUIRE: I think the majority of the 9 slides you're looking at are going to be a 10 discussion on developing a business plan. It will 11 be information provided. 12 MS. LUDLOW: I have no problem with that. 13 CHAIRMAN MAGUIRE: Okay. 14 MS. LUDLOW: All right. So what do I have a 15 problem with? 16 I have a problem -- I have a problem with 17 18 voting on Atlantic Aviation and -- and, Bruce, I 19 mean, you know this, they're getting a 15-year 20 right of refusal? We're holding property over 21 there for 15 years? 22 CHAIRMAN MAGUIRE: Okay. Is that -- that's 23 your discussion point. I want to make sure. 24 You're concerned -- you're -- which one are you 25 going to --

MS. LUDLOW: That's one. 1 2 CHAIRMAN MAGUIRE: -- want removed? 3 MS. LUDLOW: Oh, you're right. Okay. Hey, 4 Gunner. 5 I -- go forward with the business -- what is 6 that? I guess the only thing I have a major problem with is -- is Atlantic's tying up -- we're 7 giving Atlantic property for 15 years and we're not 8 doing anything about it. So I have a problem with 9 10 that. I think everybody should have looked over this 11 first right of refusal -- right of first refusal, 12 13 and I guarantee if you poll everybody at the table, 14 nobody did. MR. OLSON: I looked at it. I have questions 15 about it and I'm going to ask them when it comes up 16 17 in the presentation. 18 In fact, actually there are several items here that I didn't know whether I would feel ready to 19 20 vote on either of them, but I'm -- I want to ask 21 questions and get clarification. 22 MS. LUDLOW: But we have to approve the agenda 23 first. 24 MR. OLSON: Yeah, I don't -- well --25 CHAIRMAN MAGUIRE: I think the issue is here

is, if you want to present your case, do you want 1 2 the item removed so you cannot present your case or 3 do you want it left on the agenda so you can 4 present your case? It's your call what you want to 5 make the motion on. 6 MS. LUDLOW: I know. I -- I'm just thinking, you know, if I take it off, then what have I done? 7 Okay. Okay. It -- and, Bruce, it isn't right 8 that we get this information, a 12-page agenda 9 Friday at 12:00. It isn't right. It's not our 10 fault. We have a life. 11 Business planning, contract award. I -- I 12 wouldn't vote on the Atlantic. So that's what I 13 would take off. 14 CHAIRMAN MAGUIRE: You're making a motion to 15 take it off. 16 17 MS. LUDLOW: I'm taking off -- yes, I'm making 18 a motion to take that off until the board has time 19 to look at it and explore it. 20 CHAIRMAN MAGUIRE: Okay. We have a motion to 21 take that off. Do I have a second? 22 MR. OLSON: I'm not ready to second that. I'm 23 just thinking that if we take it off, that means we 2.4 can't discuss it? 25 CHAIRMAN MAGUIRE: That's correct.

MR. OLSON: I think it should be open for 1 2 discussion and questions. MS. LUDLOW: But then we have to vote. 3 MR. MIRGEAUX: No, we don't. 4 5 MR. OLSON: No, we don't have to vote. 6 MS. LUDLOW: Oh. 7 MR. MIRGEAUX: You don't have to vote. MS. LUDLOW: Thank you. Okay. 8 9 CHAIRMAN MAGUIRE: Do you want to change your 10 motion --11 MS. LUDLOW: Leave -- leave it --CHAIRMAN MAGUIRE: -- so it stays on --12 MS. LUDLOW: Leave -- I want to change my 13 motion, and I --14 CHAIRMAN MAGUIRE: -- for discussion only? 15 MS. LUDLOW: -- and discussion and I accept 16 the agenda as submitted. 17 18 CHAIRMAN MAGUIRE: So your motion -- make sure 19 it's in. Your motion is you want this item for 20 discussion only and not a vote. 21 MS. LUDLOW: Yes. 2.2 CHAIRMAN MAGUIRE: Can we do that, Doug? 23 MS. LUDLOW: Is that possible? 2.4 MR. BURNETT: You can certainly make it to 25 where it's a dis- -- the item is changed from being

a discussion -- excuse me, from a regular item to a 1 2 discussion-only item. That could be a motion. 3 CHAIRMAN MAGUIRE: Okay. Is that going to affect the MOU if we do that? 4 5 MR. WUELLNER: I don't know that it materially 6 affects the MOU, per se. But I would point out that it will also -- it would have potentially an 7 effect, depending on what the decision-making is 8 ultimately on the MOU, as to the two construction 9 contracts because it directly pertains to those. 10 11 CHAIRMAN MAGUIRE: Okay. MR. WUELLNER: So if you're -- I would think 12 if you're wanting to defer this to a -- to a 13 different meeting, then perhaps all three go 14 together. 15 MR. MIRGEAUX: So then it's going to be --16 we're stacking it, essentially. We're approving it 17 18 and then looking at contracts and --19 MR. WUELLNER: But -- it's your call. 20 MS. LUDLOW: But it's major. 21 MS. GREEN: Is anything time sensitive with 22 this? 23 MR. MIRGEAUX: Right. When is --2.4 MR. WUELLNER: There's a -- I don't --25 MS. LUDLOW: No, that --

MR. WUELLNER: I don't recall off the top of 1 2 my head whether we had -- I can't imagine we don't 3 have plenty of time on the bid awards. Typically 4 they're being held for at least 90 days. CHAIRMAN MAGUIRE: If we don't vote on it 5 6 today and we vote it in January --MR. WUELLNER: Yeah. 7 CHAIRMAN MAGUIRE: -- is there a negative 8 9 impact? MR. WUELLNER: Other than whatever time lost 10 eventually, which is not a big deal. 11 CHAIRMAN MAGUIRE: Okay. 12 MR. BURNETT: The --13 CHAIRMAN MAGUIRE: All right. The motion is 14 on the table --15 MR. BURNETT: The only -- and we haven't 16 gotten to the item itself. The only thing I would 17 offer to you is it's just a memorandum of 18 19 understanding --20 MR. MIRGEAUX: Right. 21 MR. BURNETT: -- meaning it's nonbinding. It 22 doesn't commit the Authority or the board or 23 anything. It doesn't commit any property. It 2.4 doesn't change the existing underlying leases. 25 It just says we are potentially willing to

entertain this and this is loosely the terms by
which we would entertain it. But it is nonbinding.
And it says nonbinding as many ways as probably the
lawyers for Atlantic Aviation could put it in there
as well as me reading it and making sure that
language covered you for the exact same purpose.

7 CHAIRMAN MAGUIRE: And that's a valid point.
8 This is not a contract.

9 MR. BURNETT: I imagine by the time it comes 10 back to you, it's going to be somewhere in the 11 neighborhood of a 20-page long document --

12 MS. LUDLOW: However --

MR. BURNETT: -- between 10 and 20 pages.
MS. LUDLOW: -- this is tied directly to the terminal road and the demolition of the -- of the hangars.

17 Their right of refusal is directly tied to 18 when those hangars come down, we're going to lose 19 \$38,000 a year and they're going to use the tarmac 20 as parking. So it does have an effect. Well, you 21 know. You're a realtor.

22 CHAIRMAN MAGUIRE: What Doug is trying to say 23 is it's not a contract, it's not binding, it's more 24 directional; is that correct, Doug?

25 MR. BURNETT: That's correct. It's not

binding until we come back with whatever the final 1 2 agreement is for the Authority to review and 3 approve. CHAIRMAN MAGUIRE: It's like a direction of 4 5 where to go from here to create something that's 6 final and binding --MS. LUDLOW: Okay. 7 CHAIRMAN MAGUIRE: -- okay? 8 9 MS. LUDLOW: I'm good. Thank you. 10 CHAIRMAN MAGUIRE: Okay. All right. Is there a second on her motion or did you withdraw it? 11 MS. LUDLOW: No, I did not withdraw it. I'd 12 like to have it for discussion only. 13 CHAIRMAN MAGUIRE: Okay. Is there a second on 14 15 that? 16 (None.) CHAIRMAN MAGUIRE: Seeing none --17 18 MS. LUDLOW: All right. That's fine. 19 CHAIRMAN MAGUIRE: Look at the rest of the 20 agenda. Anyone have a comment on the rest of the 21 agenda? 22 (None.) 23 MS. GREEN: No. CHAIRMAN MAGUIRE: Okay. All in favor? 24 25 MS. GREEN: Aye.

MR. MIRGEAUX: Aye. 1 2 MR. OLSON: Aye. 3 CHAIRMAN MAGUIRE: Aye. All opposed? 4 MS. LUDLOW: (Indicates.) 5 CHAIRMAN MAGUIRE: One. Okay. Thank you, 6 very much. 7 STAFF REPORTS CHAIRMAN MAGUIRE: Let's move into staff 8 9 reports. MR. WUELLNER: Just a couple of items to just 10 call your attention to. 11 Terminal entrance road Phase I contract awards 12 are on today's agenda, at least at this point. 13 Design continues for the main part of that access. 14 And Taxiway Bravo design continues at this point. 15 We're targeting after the first of the year for 16 bidding of that job. 17 18 Do want to make you aware that we have 19 submitted two additional pre-apps to FAA for 20 additional funding. One is for fencing and gate 21 projects should additional FAA funds free up during 2.2 the next fiscal year. That would be eligible as 23 it's been submitted. 2.4 This is a -- really a resubmittal of a project

from about three years ago when supplemental funds

were sort of made available by FAA and we submitted two projects, one of which was the airline apron which was ultimately awarded. They gave us a grant for that for about just under \$4 million, as I recall, to do that in concrete.

6 This was a second project that did not get an 7 award at that time. It is also in the -- the 8 programming for FAA funds I think about two years 9 out otherwise. So if it doesn't free up sooner 10 than that, it would be in the queue for about two 11 years away.

Also, it's a second project which is a threshold light re -- relocation. This is threshold lights for both ends of Runway 13/31 where the lights are currently inboard, meaning they're toward the center of the runway at both ends.

FAA airport inspection folks by standards now want these things on the outside so they become outboard to the edge of the runway based on their standards. This would allocate or potentially get FAA dollars to participate in the relocation of that.

It's a minor amount of money in the scheme of FAA grant dollars. It's about \$45,000, I believe

of potential FAA. It could be appended to the 1 2 Taxiway B grant that comes up later this year, 3 since the origin of the request came out of the 4 airport's -- I'm sorry, the airport's compliance 5 office out of Atlanta. So it could very well just 6 get amended to the -- or appended to the grant once it's received back in probably May or June or even 7 after in the next year. 8 MR. MIRGEAUX: I'm sorry. I was writing. 9 What exactly are they trying to relocate outboard 10 of the runway? 11 MR. WUELLNER: The green/red lights --12 MR. MIRGEAUX: The lights. 13 MR. WUELLNER: -- you know, at -- at the end 14 of the runways or near the end of the usable 15 16 runway, because both of these ends have displacements. 17 MR. MIRGEAUX: So the right side/left side 18 19 indicators, essentially? 20 MR. WUELLNER: The end of runway. 21 MR. MIRGEAUX: End of runway. 22 MR. WUELLNER: End of usable runway indicators 23 are currently inboard, meaning they are actually 24 in-pavement lights on the runway. They want those 25 to be outboard now, meaning out of the edge of the

1 runway themselves.

2 CHAIRMAN MAGUIRE: Is there a distance out 3 they have to be?

4 MR. WUELLNER: Yeah, it's -- the location 5 doesn't change, meaning it doesn't shorten or 6 lengthen the runway. It simply is a -- they're new -- I say new -- it's their standard shows that 7 those need to be out -- outboard now, meaning out 8 from the edge of the runway instead of on the edge 9 inboard, which is what they currently are. 10 CHAIRMAN MAGUIRE: Did they say how far out? 11 MR. WUELLNER: Yeah, they're -- what's the 12 space now, is it 20? 13 MR. HARVEY: 10 feet apiece. 14 MR. WUELLNER: 10-foot spacing --15 16 MR. HARVEY: Between each light, yes. 17 MR. WUELLNER: -- between on each light on 18 each side. We can keep one light common at each 19 location, but then it works outward. 20 CHAIRMAN MAGUIRE: Okay. 21 MR. WUELLNER: And that -- that single item we 22 can keep is in line with the runway edge lights. 23 MR. MIRGEAUX: Any other changes like approach 24 lighting or --MR. WUELLNER: No, no changes at all. Those 25

1 are all fine.

2	CHAIRMAN MAGUIRE: Okay.
3	MR. WUELLNER: We don't get it, either, but
4	But to be honest with you, we don't. It's
5	been that way for 50 years.
6	MR. MIRGEAUX: Yeah. They were always on the
7	end of the runway.
8	MR. WUELLNER: This is the first time
9	MR. MIRGEAUX: I've never seen
10	MR. WUELLNER: I don't, either.
11	CHAIRMAN MAGUIRE: Okay. Is that it?
12	MR. WUELLNER: Yeah. And we've got the
13	legislative update if Carol wants to
14	CHAIRMAN MAGUIRE: Okay. Carol?
15	MS. SAVIAK: Good good afternoon. Can you
16	hear me, Janet?
17	MS. LUDLOW: No.
18	MS. SAVIAK: Okay. A little bit louder. All
19	right. Thank you. Well, good afternoon. Thank
20	you for the opportunity to provide a brief update.
21	At the state level, on the news this past
22	week, the Governor DeSantis released his
23	proposed Freedom First Budget, which is a
24	\$99.7 billion state budget. And included in that
25	is the FDOT state transportation work program, the

1 state aviation work program budgets.

2 The FDOT budget is \$10.4 billion. The state 3 transportation work program is \$9.3., and within 4 that, the state aviation work program is \$297 5 million. 6 Also, two things that we frequently mention to you are the Visit Florida budget is proposed at 7 Governor DeSantis at \$50 million, and then he's 8 increasing the state job grant program through 9 Enterprise Florida, Department of Economic 10 Opportunity to a hundred million dollars this year 11 12 as an increase. Please note that this is Governor DeSantis' 13 budget and the House and the Senate will both 14 prepare budgets, and they'll all hopefully converge 15

16 at the end of the session.

17 The legislative session interim committee
18 weeks ended on December 3rd and legislative session
19 begins this year in January. So it's January 11th,
20 is when session will start this year.

I've given you a little bit of an outline of key legislative issues. Foremost of those would be continued full funding of the aviation work program for the state.

25 We're monitoring a few other issues out there,

but I've kind of given you an overview of those, 1 2 but those are items that you've seen pretty much 3 the last couple of meetings, so I won't go into 4 each of those. But we do look at those each week 5 and see how they're progressing, and a couple of 6 those bills have gone through the interim committees, but full action will be taken during 7 8 session.

9 With that, not much on the federal front since 10 the last meeting. A few minor announcements, 11 but -- from FAA this month, but nothing directly 12 impactful to the board. So, thank you so much and 13 also I put the calendar for some of the events up. 14 CHAIRMAN MAGUIRE: Okay. A couple of

15 questions.

Have you heard this -- I don't know if it's a rumor, that's the reason I'm asking you. Governor DeSantis asked for \$8 million to transport illegal immigrants out of state. Is that truism or

20 is that a rumor?

21 MS. SAVIAK: I would have to -- to look into 22 the exact amount for that. I do know that he had 23 an border -- Florida border announcement and was 24 also partnering with the State of Texas on border 25 and immigration issues. So I'll be happy to look

1 into that for you.

2 CHAIRMAN MAGUIRE: Just curiosity. 3 On the back side of your first page --4 MS. SAVIAK: Uh-huh. 5 CHAIRMAN MAGUIRE: -- you have a -- top paragraph, it's interesting. Legislative issues 6 7 being monitored, concealed weapon open carry in airport terminals. 8 9 MS. SAVIAK: Yes. CHAIRMAN MAGUIRE: Is that something that's 10 being thought of or is somebody actively pursuing? 11 What does it say? 12 MS. SAVIAK: There has been discussion in past 13 legislative sessions about the ability of 14 individuals to carry concealed weapons into airport 15 16 terminals, and interestingly enough, specifically 17 for people attending airport board meetings. 18 It's a very narrow bill for that, and people 19 can carry concealed weapons or pack them, so it's 20 something where there's all manner of regulations 21 relative to guns being transported into airline 22 terminals. 23 CHAIRMAN MAGUIRE: Okay. Any questions for 24 Carol?

25

(None.)

CHAIRMAN MAGUIRE: Thank you, very much. 1 2 Looking at this issue, though, what's -- what 3 do we expect in terms of fuel price increases, or 4 do we have any insight yet? 5 MR. WUELLNER: It's been fairly stable 6 recently --7 CHAIRMAN MAGUIRE: Okay. MR. WUELLNER: -- the wholesale. 8 9 CHAIRMAN MAGUIRE: Okay. BUSINESS PARTNER UPDATES 10 CHAIRMAN MAGUIRE: Okay. Business partner 11 12 updates coming up next. Henry Dean sent an e-mail. He's having minor 13 medical procedures and will not be able to attend. 14 Have a blessed Christmas for everybody. 15 Okay. Mr. Vinny Beyers. 16 MR. BEYERS: No comment. 17 18 CHAIRMAN MAGUIRE: No, comment? 19 Okay. Len Tucker, you have your name here 20 numerous times. 21 MR. TUCKER: Yeah. 2.2 CHAIRMAN MAGUIRE: If we had six or seven 23 spaces, you'd check off every one, wouldn't you? 2.4 MR. TUCKER: Well, I -- Len Tucker. I check 25 those off because that way, you'll call on me. I

usually say I don't have a comment. 1 2 CHAIRMAN MAGUIRE: That's correct. 3 MR. TUCKER: If I didn't check it off, you wouldn't call on me. 4 5 CHAIRMAN MAGUIRE: That's correct. 6 MR. TUCKER: I found that out. I really don't have much to report. We did 7 have our Christmas party on Saturday at the 8 clubhouse. Had about 80 attending in spite of the 9 fact that there was a torrential downpour, which 10 cut it from when we were expecting more like a 11 hundred to show up. So it turned out well and the 12 facility worked well and everything. You know, we 13 got some support from the airport as far as some 14 cones and things like that, but -- so it really 15 worked out very well. 16 I'd like to take this opportunity because 17 18 we've got transition to new officers, and my

19 replacement is going to be Mike Thompson, a
20 long-time member of SAAPA; has gotten back involved
21 and is going to be the new airport SAAPA liaison
22 here out. I'll back him up from time to time if he
23 can't make it because I do attend most of these
24 meetings anyway. But anyway, I'd like to introduce
25 Mike at this point in time. Mike, have you got

something you want to say? 1 2 MR. THOMPSON: Thank you, Len. 3 Well, I know Mr. Wuellner's glad to see me 4 back hanging around again. But I've been -- been 5 taking some away time from the airport. I ran into 6 health issues, and things have gotten back on an even keel and I look forward to being involved with 7 y'all in the next year. Thanks, very much. 8 9 CHAIRMAN MAGUIRE: Thank you, very much. Okay. Nate McKendrick. 10 11 (Not present.) CHAIRMAN MAGUIRE: Okay. Not here? 12 Tammy Albin? I didn't see her. There she is. 13 MS. ALBIN: Tammy Albin for RVA air traffic 14 control tower. 15 16 The month of November, back up to pre-COVID numbers, 11,900 operations for last month, 17 18 surpassing 2020's totals. So anything now is --19 we're getting back to normal. 20 Right now as of today, we've got about 5,200 21 operations for the month of December, so we expect 22 it to be about another 10- to 12,000 operations. 23 That's it. 2.4 CHAIRMAN MAGUIRE: Okay. Questions for Tammy? 25 (None.)

CHAIRMAN MAGUIRE: Thank you, Tammy. 1 2 MS. ALBIN: Thank you. 3 CHAIRMAN MAGUIRE: Okay. Doug Burnett. 4 MR. BURNETT: Nothing to report. I might be 5 talking on the agenda, probably. 6 CY 2022 OFFICERS & COMMITTEES SELECTION CHAIRMAN MAGUIRE: All right. Moving on to 7 the next item, the officer and committee 8 9 selections. Before we get involved with this, I talked 10 with Ed after the last meeting, and this is really 11 sort of pointedly towards Robert down there. I 12 have long thought that we need a business plan and 13 you brought it up last time, which really inspired 14 me again. Thank you. 15 I want to make a committee for the business 16 17 plan and I'd like to ask you to head it up if you'd 18 be willing to do that, okay? 19 MR. OLSON: I'd be happy to --20 CHAIRMAN MAGUIRE: So --21 MR. OLSON: -- yes. 2.2 CHAIRMAN MAGUIRE: All right. That's the 23 reason all this information I assume is on here 24 about business planning --25 MR. WUELLNER: Uh-huh.

1 CHAIRMAN MAGUIRE: -- so we can talk about it, 2 but then you can put together -- you know, you can 3 make a committee. You can't make it with any of 4 us, but if you can get some help putting together a 5 business plan, we would appreciate it.

6 MR. OLSON: Outside -- I guess I have a 7 question about that.

Part of the -- a good part of the business 8 planning work is I think very important for board 9 involvement of a workshop, an extended workshop 10 nature, because it is -- it is sort of ground 11 center on policy and vision and goals and outlook 12 for the airport, what we want our airport to be 10, 13 50 -- so if there is a outside input, I just want 14 to mention it. We really do need to have good 15 16 engagement from the board on such a process.

17 CHAIRMAN MAGUIRE: We will and we'll be 18 talking about that as we go through, because we're 19 going to have to have workshops because that's the 20 only time we can talk about it --

21 MR. OLSON: Yes.

22 CHAIRMAN MAGUIRE: -- okay?

23 MR. OLSON: Yes.

CHAIRMAN MAGUIRE: And we'll be looking forDoug to give us some guidance on when and where.

So -- so you put together a plan on how you want to 1 2 move forward --3 MR. OLSON: Okay. 4 CHAIRMAN MAGUIRE: -- and talk to him about 5 scheduling workshops or whatever and plug it into 6 the schedule. MR. OLSON: Okay. And presumably bring the --7 the plan back to the next board meeting, correct? 8 9 CHAIRMAN MAGUIRE: If you can move that fast, 10 okay? 11 MR. OLSON: Okay. CHAIRMAN MAGUIRE: We picked a bad time to try 12 to everybody to get together --13 MR. OLSON: Yeah. 14 CHAIRMAN MAGUIRE: -- for at least another 15 couple of weeks. 16 MR. OLSON: Right. Okay. 17 18 MS. LUDLOW: I have a question, please. 19 CHAIRMAN MAGUIRE: Yes, ma'am. 20 MS. LUDLOW: I know when he brought that up, 21 he didn't call it really a business plan, he called 22 it an audit committee. So there's a difference. 23 CHAIRMAN MAGUIRE: Well, he brought up both 24 things. 25 MS. LUDLOW: Okay. So you're going for the

business plan, not the audit committee. 1 2 CHAIRMAN MAGUIRE: Correct. 3 MS. LUDLOW: Okay. Are we going to have an 4 audit committee? 5 CHAIRMAN MAGUIRE: I have to look into that. 6 I'm not opposed to it, but I was focusing on business plan. I did not focus on the audit 7 committee. I'm not ignoring it, I just put it 8 off --9 MS. LUDLOW: Okay. 10 CHAIRMAN MAGUIRE: 11 -- okay? So having said that, in looking at these 12 committee selections, I'd like to take your name 13 14 off of primary economic and move it to alternate, if that's okay, because you're going to be pretty 15 business with the business plan committee. 16 MR. OLSON: That's --17 18 CHAIRMAN MAGUIRE: Or do you want both? 19 MR. OLSON: No, that's fine. I guess the only 20 thing is that we have typically the -- or in recent 21 years, the practice has been the economic 22 development person have EDC by their names. I don't see -- I mean, the way I see economic 23 24 development connecting to us is perhaps beyond and 25 sometimes outside of EDC. So if it's the primary

contact with EDC, I'm not needing -- I don't see 1 2 that as a -- something that I would necessarily 3 want to --4 CHAIRMAN MAGUIRE: Okay. So do you want to be 5 the primary or do you want to be the alternate? 6 MR. OLSON: To EDC -- to the EDC --MR. WUELLNER: Yes. 7 MR. OLSON: -- I don't need -- I'll be the 8 secondary, your way --9 CHAIRMAN MAGUIRE: Okay. 10 MR. OLSON: -- alternate. 11 CHAIRMAN MAGUIRE: Suzanne, is that okay with 12 13 you? MS. GREEN: Yes, because I -- I'm involved in 14 it through my work as well. So I go no matter 15 16 what. CHAIRMAN MAGUIRE: Okay. 17 MR. OLSON: Good. 18 19 CHAIRMAN MAGUIRE: Then I would like to remove 20 you off the EDC primary and make you an alternate. 21 MR. OLSON: Yes. 22 CHAIRMAN MAGUIRE: And then remove Suzanne's 23 alternate position, make her primary. And we're 24 going to add a new committee, business planning 25 committee, and you'll be the primary.

1 MR. OLSON: Okay.

2 CHAIRMAN MAGUIRE: Okay? Got that, Ed? 3 MR. WUELLNER: Uh-huh. 4 CHAIRMAN MAGUIRE: So now we can look at the 5 slate. Everybody has a job. Justin. Reba has 6 two. Suzanne has one. Robert has one. Okay? Or two, really one and a half, all right? Do you want 7 to vote on a slate or do you want to vote on each 8 one individually? 9 MS. GREEN: I think since they're unopposed, 10 we ought to just vote on the slate. 11 CHAIRMAN MAGUIRE: Vote on the slate, okay? 12 13 Go ahead, Doug. MR. BURNETT: One point, Mr. Chairman. 14 On EDC, I see where we've got a primary and an 15 16 alternate. It would appear that that issue was worked out, but we do need an alternate on --17 MS. GREEN: TPO? 18 19 MR. BURNETT: -- Aerospace and an alternate on 20 TPO. 21 MR. MIRGEAUX: I can fill in for both of them. 22 I mean, we've got primaries there, so... 23 If that's okay with everybody else. 2.4 CHAIRMAN MAGUIRE: That's good. Okay. Put 25 Justin down as alternate.

1 MR. BURNETT: He'll be alternate on 2 Aerospace Academy and alternate on TPO. 3 CHAIRMAN MAGUIRE: TPO. 4 MR. MIRGEAUX: A man of many hats. 5 CHAIRMAN MAGUIRE: All right. Did you get 6 that? 7 MS. GREEN: Uh-huh. CHAIRMAN MAGUIRE: Okay. Let's vote on the 8 9 slate. All in favor? 10 MS. GREEN: I make a motion we vote on the 11 slate. CHAIRMAN MAGUIRE: She made a motion. You're 12 13 right. MR. MIRGEAUX: Second. 14 CHAIRMAN MAGUIRE: Second. All in favor? 15 MS. GREEN: Aye. 16 MR. MIRGEAUX: Aye. 17 MS. LUDLOW: Aye. 18 19 MR. OLSON: Aye. 20 CHAIRMAN MAGUIRE: Aye. Opposed. 21 (None.) CHAIRMAN MAGUIRE: Okay. We have the slate. 22 23 Thank you, very much. 24 And, Robert, I'm looking forward to see how 25 you put this together --

1

MR. OLSON: Okay.

CHAIRMAN MAGUIRE: -- because I think a
business plan will answer a lot of questions as we
go forward, and it may provoke a lot of questions
as we go forward.
<u>MEMORANDUM OF UNDERSTANDING - ATLANTIC AVIATION</u>

CHAIRMAN MAGUIRE: All right. Now, the MOU
for Atlantic Aviation. Ed, do you want to start?
MR. WUELLNER: It's basically Doug's item.
CHAIRMAN MAGUIRE: Yeah.
MR. WUELLNER: It's actually Doug's item.
MR. BURNETT: Yeah, I'll speak to this and hit

13 the highlights.

14Obviously you're all aware of the big issue of15the new access, and as part of that, it

16 necessitates impacting the FBO Atlantic Aviation 17 space. This sets the framework for accomplishing 18 that in an amicable way with Atlantic Aviation.

To go back to where we were earlier when we were talking about this agenda item, it starts out very clearly that this nonbinding memorandum of understanding, and then it goes on in another section and talks about the purpose of setting forth the terms and conditions for a definitive binding agreement to the lease agreement which the 1

parties will act in good faith to negotiate.

It goes on to says, though, "the terms herein have no force and effect under law until they or similar terms are memorialized in an agreement that is duly approved and executed by the parties." So we do have that part of it in -- in here.

The big issue is it's addressing the bulk 7 hangar and this leaning attached hangar, that those 8 two will come down, and the overall intent would be 9 that they become a vehicular parking lot and that 10 it would become part of Atlantic's leasehold. 11 Obviously it's part of the leasehold now 12 because it's the part -- or at least a portion of 13 it is the footprint of where those hangars are 14 located, and as part of this, it's contemplated 15 that they would be able to continue to use it. 16

One thing they put in here is that they would like a first right of refusal, which Ms. Ludlow brought up earlier, for other FBO-related sites. So if you're going to in the Airport Layout Plan make some of those sites available for FBO use, they want first right of refusal to be able to use it for FBO use.

And then they want the airport to -- and I think this is kind of standard in lease amendment, to say that the lease -- currently the tenant is in good standing and the lease is in full force and effect. It's essentially an estoppel.

Pretty common in amendments to leases where both parties say, hey, we're both in compliance with the lease at this stage, so that no one can come back later and say, well, we made this amendment, but you weren't really in compliance so we'll terminate the whole deal.

10 And then one thing that's important in here, 11 it does acknowledge that they've reviewed the plans 12 for the Authority's terminal roadway project and so 13 they're acknowledging that -- that they're okay 14 with those plans.

15That's generally what's in here. I would16anticipate again, like I said earlier, that we'd17come back to you with, you know, a

18 10-page/20-page-long document that puts all of this19 to words in more detail.

There's obviously indemnity and the like that they will want to have covered as far as the airport tearing down the existing structures and the paving that goes on and those kinds of things. They obviously don't want to be on the hook for any of that expense or any of that liability, and 1 that's natural and normal.

2	I think that pretty much sums it up.
3	Obviously this will be something that comes back to
4	you, whether it's a January or February meeting
5	type item, maybe that it comes back to you in
6	January and you review it and then further consider
7	it when it comes back to you for final in February.
8	CHAIRMAN MAGUIRE: Okay. My request is that,
9	to preclude any further limitations or anything, as
10	soon as you can get it to us, get it to us. If
11	you're going if it's going to drag out so we
12	only have a couple of days to look at it, postpone
13	it for a month and give us as much time as
14	possible, okay?
15	MR. BURNETT: Uh-huh.
16	CHAIRMAN MAGUIRE: Is that okay with you?
17	MS. LUDLOW: Yes. I'd like to say that this
18	is so intertwined with the road
19	CHAIRMAN MAGUIRE: Uh-huh.
20	MS. LUDLOW: you know, because we're
21	paying when we tear down those hangars, that's
22	\$38,000 a year, which is like \$4 million for the
23	rest of the lease, 15 years. We're giving up
24	\$4 million when we tear down those hangars to pay
25	for the road. It's it's intertwined.

And so -- so, so far we've paid for the design for the road's \$300,000. The terminal parking, we've paid \$358,000. Later this year, we have a million, nine ready to come out. And next year, we have another million.

6 So, so far total construction is like three 7 million, six hundred. Then when we take and add 8 \$40,000 for demolition and our revenue loss for 9 15 years, then we're out like \$4 million. So we 10 could have 48 hangars and make \$4 million.

So, I don't know what I just agreed to, but I
want these numbers put out so -- because I don't
think everybody really realizes what this is
costing and what we're losing -- what we're losing.
MS. GREEN: I just have a question. How are

16 we losing \$4 million if we put hangars? Because 17 the rate of return on hangars is nothing near it.

MS. LUDLOW: No, no, no. The revenue loss would be \$583,752. That's a revenue loss for just the hangar.

But we've already spent like \$358,000 for the terminal paving and things like that. And then we -- and then he already has -- we don't have a number of what the road costs. We just get, well, this is 400 -- I mean, \$385,072, right? Then later 1 this year we have earmarked \$1,000,900.

2 We need to know better, Bruce. I mean, we 3 need to know what that road is costing and what 4 it's costing us in loss of revenue to tear down the 5 hangars. I'm sorry, you're a businessman. 6 MR. BURNETT: Mr. Chairman --CHAIRMAN MAGUIRE: Go ahead. 7 MR. BURNETT: -- the only twist that I would 8 say, and I don't -- I agree with Ms. Ludlow's 9 numbers except for one particular piece of this, 10 and that is the Airport Authority's hangar that 11 it's responsible for, I believe it's reaching end 12 of useful life. And the challenge with that is 13 that the FBO's angled hangar is attached to it. So 14 it can't survive on its own when the airport has to 15 demo its hangar. 16 And so, there's been a window on this for a 17 18 while now, I believe, and there's only so much more 19 useful life. It's not a 15-year -- it may be 20 three, it may be five, but it's not the 15. And 21 that is part of the challenge. 2.2 I think part of the reason and -- that we get 23 cooperation with Atlantic Aviation is the 2.4 recognition of the fact that the leaning part that 25 they've attached to the airport's hangar can't

survive without the airport's hangar and it has to come down.

MS. LUDLOW: The reason we get participation from Atlantic is because we have a terminal building that was not approved and so they sued so now they got extra tarmac area. That's why we get that participation.

8 MR. WUELLNER: What?

9 MS. LUDLOW: So we have our hangar that --10 that you're saying our hangar is the \$38,000 one. 11 You're not saying what Atlantic -- you're saying 12 they're combined, right?

So Atlantic is losing transient parking place. 13 Absolutely. I mean, they are. They're -- now they 14 have a place for transients to come in and they can 15 put them in that hangar and -- and some of the 16 17 people are renting there full time. And so, now 18 you're taking away their transient hangar, also, in 19 addition to ours that we're getting \$38,916.84 a 20 year.

21 CHAIRMAN MAGUIRE: To make sure I understand 22 your objection, your objection is you don't want to 23 tear down the building at all?

24 MS. LUDLOW: Well, you know what? I -- I 25 would like for the building -- that's -- don't we 1 live by revenue --

2 CHAIRMAN MAGUIRE: Yes.

3 MS. LUDLOW: -- right?

Okay. We live by revenue. And so we're
taking out like \$4 million in revenue and -- and
then we're paying \$4 million for a road that we
don't need.

8 CHAIRMAN MAGUIRE: When you're talking about
9 lost or losing \$4 million in revenue --

10 MS. GREEN: Yeah, that's what I was asking. 11 CHAIRMAN MAGUIRE: -- yeah, I don't know where 12 that is.

13 MS. LUDLOW: \$4,081,252.

14 CHAIRMAN MAGUIRE: Okay.

MS. LUDLOW: Does this board know what this is all costing? That's the thing. We're -- we're losing revenue -- we're tearing down buildings, we're losing revenue, and we're putting out another \$4 million for a road. This doesn't make good business sense.

21 CHAIRMAN MAGUIRE: I'm looking at more than 22 numbers. I'm looking at where I believe the 23 airport is going.

MS. LUDLOW: You're a businessman. You knowto look at numbers.

CHAIRMAN MAGUIRE: I always look at numbers, 1 2 but I also look at where I see the business going 3 or the operation going. Did you have a comment? 4 MR. OLSON: Yeah, I have a couple of questions 5 just for clarification. 6 The rent reduction, it says equal to proportional square footage of the reduced lease 7 space. Does that just simply mean the square 8 footage that's going to be lost is being subtracted 9 from the -- from the rent? 10 MR. WUELLNER: Yes. 11 12 MR. BURNETT: Correct. MR. OLSON: I was looking at proportional, so 13 I didn't understand that. 14 So that's the actual rent that we would 15 receive if we did not do the demolition and we're 16 re -- and we're subtracting that now. That's the 17 18 reduction, the actual amount. 19 MR. WUELLNER: Correct. 20 MS. LUDLOW: 15 years. 21 MR. BURNETT: Correct. 2.2 MR. OLSON: Okay. Thank you. 23 And then the other question, and I'm sure most 24 people in this room know this, but what is land 25 that is in the Airport Layout Plan that is planned

1 for FBO-related development?

2 I'm not -- I'm not sure when I -- you know, I 3 know the plan, but I don't know -- right now I'd 4 like to have a clarity on what is F -- what has 5 been designated for FBO and FBO-related development 6 in the airport plan? MR. WUELLNER: There currently is no land 7 designated specifically for FBO. 8 MR. OLSON: So when it says parcels identified 9 in the airport plan for FBO and FBO-related 10 development, does that need to be in there? 11 MR. WUELLNER: If my memory's correct, the 12 precursor to that refers to future airport layout 13 plans, existing and future. We do not currently 14 have an additional site in the Airport Master Plan. 15 MR. OLSON: Well then, does that --16 MR. WUELLNER: You do not --17 18 MR. OLSON: -- right of first refusal the way 19 it's worded doesn't really mean anything and 20 probably shouldn't be in there. MR. WUELLNER: That's -- that's --21 2.2 MR. BURNETT: I would assume that they will 23 put language in their 10 -- in the 10- to 24 20-page-long document that we draft to come back 25 related to these issues, that they'll have language in there that tightens up what specifically they're referring to. I would anticipate that would include --

4 MR. OLSON: So that was a -- that was an 5 Atlantic request to put this in the MOU? MR. BURNETT: Yes, sir. 6 MR. OLSON: And they haven't clarified it yet 7 but we're waiting for clarification? 8 MR. BURNETT: Generally, you can understand 9 the language. I think that generally what they 10 want is if there's going to be any FBO development 11 at the airport, they want a right of first refusal 12 13 to take it.

And -- and I think there's already some 14 language in their FBO lease agreements because 15 16 previously there was talk of, okay, a second FBO, well, if we're going to build a new FBO facility, 17 18 for example, on the east side of the property, 19 northeast side, and it was a new better facility, 20 that maybe they would move to the new better 21 facility, and -- and they wanted that opportunity.

22 So I think that's what drives that language 23 there, that they -- or even if there's expansion of 24 FBO facilities, they may just expand and take over 25 them.

MR. OLSON: If -- if our -- if the -- if 1 2 Atlantic Aviation wants to expand something, they 3 would have the right of first refusal to -- who 4 would be the other -- well, I'm trying -- I'm 5 trying to understand --6 MS. LUDLOW: A second FBO. 7 CHAIRMAN MAGUIRE: Understand right of first refusal doesn't mean they have the right to do it. 8 9 They can only do it if someone else comes in and makes an offer that's justifiable and valid. 10 Then they have the right to usurp that offer. 11 MR. OLSON: Okay. 12 CHAIRMAN MAGUIRE: But they cannot arbitrarily 13 just say we're going to do it. 14 MR. OLSON: Right. 15 CHAIRMAN MAGUIRE: It does not give them 16 permission to do it. 17 18 MR. OLSON: Yeah, I -- okay. Yeah. 19 MR. BURNETT: And this is unlikely to happen, 20 but let's just say hypothetically the federal 21 government, the FAA gave the Authority a \$10- or 2.2 \$20 million grant to build new FBO facilities. 23 They would want a right of first refusal to be able 2.4 to go to those new facilities. 25 MR. OLSON: And -- and operate.

1

MR. BURNETT: Uh-huh.

2 MR. OLSON: But again, as you just said, our 3 Airport Layout Plan doesn't identify them now. It 4 doesn't identify a plan for FBO-related -- where 5 FBO-related development will occur. So I quess 6 that could go for anywhere. MR. BURNETT: Correct. And I think that's one 7 of those things that when the final agreement comes 8 back, it will have an exhibit of some kind or 9 10 tighter language. MR. OLSON: Okay. 11 MS. LUDLOW: But why should we really approve 12 13 something like that? They're tying up the property for 15 years. 14 Nobody's going to come in and try to put another 15 FBO in when somebody already has first right of 16 refusal. I mean, because it's really theirs, you 17 18 know, until they want it for 15 years. You're a realtor. Realtors won't touch a 19 20 first right of refusal. There's no way. Look at 21 our thousand acres we have over across the street. 22 We could be millionaires selling that, but we're 23 not -- I don't think it should be tied up. And I 24 know, Doug, you're saying it is not concrete yet. 25 I don't think it should be tied up for 15 years

first right of refusal. That's really a monopoly. 1 2 CHAIRMAN MAGUIRE: Okay. 3 MS. LUDLOW: You're cutting anybody else out 4 for 15 years whether they do anything or not. 5 MR. OLSON: There's -- there's a provision in 6 the actual FBO agreement now that gives certain --7 gives certain rights in these areas, isn't it, to the FBO? 8 9 MR. BURNETT: Correct. 10 MR. WUELLNER: Uh-huh. MR. OLSON: So --11 MR. BURNETT: I was trying to pull it up. 12 For whatever reason, I can't connect to my server. 13 Ι 14 had it ready to go. But there is some language in the current leases. 15 MR. OLSON: Yeah, in the -- yeah, in the 16 17 master, whatever, FBO. 18 Maybe it'd be better to negotiate this -- try 19 to negotiate this provision out of the agreement 20 for demolition? Is that possible? Just leave it 21 out. 22 MR. BURNETT: We can try and negotiate and 23 we'll see what they send us for language, I would 24 guess. But I think there already is language in

the lease that has reference to first right of

1 refusal language.

2	MR. OLSON: I don't know if it uses the
3	MR. BURNETT: I know there is on Grumman's use
4	of the North 40. I know that's in there.
5	MR. OLSON: I don't think it uses term "right
6	of first refusal," but it is I believe there's
7	pro are provisions in there that essentially
8	MR. WUELLNER: To relocate.
9	MR. OLSON: to do that.
10	MR. BURNETT: That's what it is.
11	MS. GREEN: It's a relocation.
12	MR. BURNETT: Yeah, it's a relocation.
13	CHAIRMAN MAGUIRE: Any other discussion?
14	Justin, anything?
15	MR. WUELLNER: I would say the difference
16	between the excuse me, the difference between
17	the two language topics are; one, the relocation
18	clause in the lease would be the obligation of the
19	Authority's to build facilities that are suitable
20	on the other side. The provisions in this simply
21	make the land available for their development of
22	it. Very different kinds of investment
23	potentially.
24	MS. LUDLOW: But you don't even know what land

25 is anywhere. Nothing --

MR. WUELLNER: At this moment. 1 2 MS. LUDLOW: -- is specified. 3 MR. WUELLNER: That's correct. 4 MS. LUDLOW: Could be taking prime land. 5 MR. WUELLNER: Well, FBOs typically do take 6 prime land. 7 MS. LUDLOW: Uh-huh. CHAIRMAN MAGUIRE: Okay. Any more board 8 discussion? 9 10 MR. MIRGEAUX: I will note that, interestingly, this area of the airport, these 11 buildings were identified in a planning meeting, a 12 second planning meeting we had for the current 13 master plan that's out for public consumption on 14 the website right now. 15 16 Both the maintenance shop hangar and the aircraft storage hangar belonging to 17 18 Atlantic Aviation were identified in poor 19 condition. So we're talking about getting a 20 \$38,000-per-year break to tear down a building 21 that's in poor condition and give them a parking 2.2 lot that assumably is going to be in pristine 23 condition when it's brand new. 2.4 So maybe it isn't the best business decision.

So maybe it isn't the best business decision.
I mean, I agree that there's safety issues with the

1 road, and there's certainly -- you know, I'd like
2 to see that improved, the access to the terminal
3 hangar.

4 But to tear down a poor condition building, 5 give back the tenant a brand new parking lot --6 presumably it's not going to be an aircraft parking lot, it's going to be a vehicle parking lot -- but, 7 you know, that's -- that's -- that's the best we 8 can do, is give them a \$38,000-per-year rent break. 9 MS. LUDLOW: For 15 years. 10 MR. MIRGEAUX: For 15 years. 11 12 We're kind of blocking our hands. We're tying

13 our hands or maybe tying the hands of future board 14 members.

I understand that it's part of their leasehold, but we're giving them back part of their leasehold, and it's -- presumably it's going to be an improvement versus -- I'd be interested to learn more about the issue, to see what it's being used for now versus how we envision it to look after the road construction is done.

22 CHAIRMAN MAGUIRE: Okay. Any other board 23 discussion?

2.4

(None.)

25 CHAIRMAN MAGUIRE: Okay. Going to public

comment. And, Len, you're first and the only one I 1 2 have. We'll -- you're up after him. 3 MS. LUDLOW: Bruce, would you remind the 4 audience that they need to fill out a form? 5 CHAIRMAN MAGUIRE: Say again. 6 MS. LUDLOW: Would you remind the audience that they need to fill out a form? 7 8 CHAIRMAN MAGUIRE: Yeah. MS. LUDLOW: Like some people are new here. 9 MR. TUCKER: Yeah, Len Tucker. Just a couple 10 of comments. 11 One, I'm very familiar with old buildings and 12 how they work. The building that I currently have 13 my business in is 32,000 square feet and it's 94 14 years old. I have buildings downtown. One's 130 15 years old and the other's 160 years old, and 16 they're working just fine. 17 18 So just because the building has some age on 19 it, I don't think is good reason to tear it down. 20 Might need to be refurbished, but I doubt seriously 21 it's going to cost anywhere near that amount of 2.2 money to do some refurbishment and spruce it up. 23 It is in poor condition and that's just basically because basic maintenance hasn't been done on it.

25 Right of first refusal, I wouldn't touch that

2.4

1 with a ten-foot pole. You know, if there's 2 something already in the current lease, leave it 3 there and take this out.

4 Right of first refusal is nothing but an 5 option for them and no option for you. And 6 there's -- and what Reba said, I can second that; there's no realtor in the world that will try to 7 list property that has a right of first refusal, 8 and it's a waste of time. They don't even bother. 9 So I think that's a nonstarter from the very 10 beginning. 11

12 Taking and obligating that land for a future 13 FBO for 15 years, you might as well just give it to 14 them. I mean, what kind of a deal is that? It's 15 tying their hands. And that's a huge huge benefit 16 that I don't know that you get the same thing for 17 it.

18 You're taking out per square footage something that's supposed to be in poor condition. You're 19 20 assigning the same square footage value to it of 21 the stuff that they've already used on other stuff 22 that's in good condition. That doesn't make a lot 23 of sense just based on the facts. So, I mean, it 24 just -- the whole economy of the thing just looks 25 like it's really skewed.

Of course the road, you know I'm against the 1 2 road. It's a -- it's a \$4 million project that is 3 nothing more than just window dressing with nothing 4 else going on. Thank you. 5 CHAIRMAN MAGUIRE: Okay. Anyone else would 6 like to speak on this? Come forward. And in the future, please come up and get a 7 piece of paper so we can get a good record. State 8 your name and three minutes. 9 10 MR. LIOTTA: Here's my filled-out piece of paper, since I guess we didn't realize that they 11 weren't supposed to stay out there and be 12 collected. Here you go. 13 CHAIRMAN MAGUIRE: Thank you. 14 MR. LIOTTA: Hey. Matt Liotta. 15 I find it really interesting how quickly 16 things change. Seems like only last month that it 17 18 was before the board to do a resolution wanting to 19 kick Atlantic out and now we're ready to do a new 20 deal with a memorandum of understanding. 21 I don't think this makes sense, to look at 2.2 this purely on a revenue basis. At the end of the 23 day, this airport is here for the public's use and 24 its economic impact to the county and the larger 25 economy. It's much more important than the

airport's budget. 1

2 So if you only look at it as \$38,000 a year of 3 lost revenue, you're not paying attention to all of 4 the airplanes that no longer can stay at Atlantic, 5 that no longer support the economy from buying fuel 6 to doing missions.

Those people are important. And what are they 7 going to be replaced with? A parking lot that 8 won't have any cars in it because there's no 9 scheduled service for them to fly on. It doesn't 10 make a lot of sense. 11

And when it comes to land development, I do 12 think we should develop the land, and there's 13 plenty of commercial people that are ready and 14 willing to develop the land. I'm one of them. 15 We have -- one of my lawyers has sent over six e-mails 16 to Doug asking about land development with no 17 18 response.

19 So, let's get this land developed. Let's 20 build more space for airplanes so that the economy 21 can grow. That's what we're here for: Growing the 22 economy and supporting the citizens of St. Johns County. Thank you.

2.4 CHAIRMAN MAGUIRE: Thank you. Okay. Anyone 25 else like to speak?

1	(None.)
2	CHAIRMAN MAGUIRE: Okay. Bring it back to the
3	board for further discussion and a motion either
4	way on the MOU. Does anyone have a motion?
5	(None.)
6	CHAIRMAN MAGUIRE: Okay. Let me ask. Is it
7	feasible, Doug, that we could make a motion and
8	give you some specific guidance to negotiate this
9	particular issue?
10	MR. BURNETT: Sure.
11	CHAIRMAN MAGUIRE: Okay. Going back to to
12	Robert's comment that we can if we already have
13	wording in the existing documents, to try to use
14	wording we're very comfortable with and used in
15	the in the past, there is there is a truism
16	that once something has a right of first refusal,
17	brokers tend to shy away from it as well as buyers
18	or tenants. So, a 15-year right of refusal may not
19	be the best way to handle it.
20	So, if someone would consider making a motion
21	that we we approve the MOU but give guidance to
22	Doug to somehow remove that 15-year im
23	reference of right of first first refusal and
24	word something else.
25	(No response.)

CHAIRMAN MAGUIRE: All right. Let me make
 that motion.

3 I make a motion we approve the MOU as is with 4 one exception, and that is for Doug to negotiate as 5 best he can and maybe even eliminate the reference 6 to right of first refusal or in some way limit the right of first refusal, okay? Is that a legitimate 7 motion, Doug? 8 9 MR. BURNETT: I understand the meaning and 10 intent, yes, sir. CHAIRMAN MAGUIRE: Okay. Then do I have a 11 12 second? 13 (None.) CHAIRMAN MAGUIRE: All right. Having no 14 second, that fails. 15 Anyone make -- wants to make a motion? 16 MS. LUDLOW: I make a motion we defer this 17 18 till next meeting. 19 CHAIRMAN MAGUIRE: Okay. We have a motion 20 that this is deferred to the next meeting. MR. MIRGEAUX: Table -- or I second that. 21 2.2 CHAIRMAN MAGUIRE: It has a second. 23 Discussion from the board? 2.4 MR. OLSON: Does -- would -- I'm sorry. 25 MR. MIRGEAUX: No, go ahead.

MR. OLSON: Would this motion indi- -- suggest 1 2 that there would be work done on this for further 3 clarity and maybe some of the areas of discussion, 4 or would it -- or if it were postponed, would we 5 simply see the same MOU come back? 6 I mean, I guess that's -- I mean, there's been some good discussion or some discussion here 7 that --8 CHAIRMAN MAGUIRE: If the board doesn't direct 9 him to, it would be coming back the way it is. 10 MR. OLSON: Yeah. Well, you know --11 MR. BURNETT: Other --12 MR. OLSON: -- I'm thinking if we're going to 13 make progress on this and I -- you know, I believe 14 that it's an important piece of the plan to have 15 this road and -- and we can't proceed with the road 16 17 project without this hangar going away, that 18 something -- there has to be some movement between -- you know, before we see this again. 19 20 Either -- I just -- I quess I've expressed myself. 21 CHAIRMAN MAGUIRE: Yeah. Okay. We have a 22 motion and we have a second that's plain and 23 simple, to take what we have and move it forward 24 one month. Any direction, though, that somebody 25 wants to add to that, Justin?

MR. MIRGEAUX: The fuel flowage fee obligation 1 2 on the airport side, I don't even understand why 3 that's a part of this discussion. Like that's --4 that's an interesting --5 CHAIRMAN MAGUIRE: Which one? 6 MR. MIRGEAUX: The last bullet: 7 Acknowledgement that the fuel account is now 8 current. When you look at the actual verbiage in the 9 MOU, it's -- it's referenced to the -- the fuel 10 farm lease for 2002. And, you know, it's curious 11 to me why we would put that in a construction 12 memorandum of understanding. It's --13 MR. BURNETT: Gotcha. They made it specific 14 as to the fuel farm payment. You'll recall that 15 they had not calculated the dollar amount properly 16 and then paid the Authority \$700,000 of their 17 18 miscalculation and paid the full amount. It's directly related to that. 19 20 It's pretty standard, though, that any 21 amendment would have estoppel-type language that 22 says both parties acknowledge that the lease is 23 current and no one's in breach of any of its 24 provisions. So you would still have that in the more boilerplate fashion --25

MR. MIRGEAUX: Well, what do we --

1

2 MR. BURNETT: -- in the -- in the ultimate 3 amendment one way or the other.

MR. MIRGEAUX: I understand. But what do we gain as the Authority by binding ourselves to say that, you know, we're -- that you guys -- when I say "you guys" I mean Atlantic -- is in good standing as with respect to that -- with respect to that agreement? Like why make that part of this agreement? What do we gain?

MR. BURNETT: Frankly, what they're asking is 11 it's not so much -- that's not a provision that the 12 Airport Authority is crafting and desiring to be in 13 here. They're asking for that to be in here 14 obviously to make sure that there's no claimed 15 16 breach of the lease on their part due to the fact 17 that they miscalculated the amounts that were owed 18 to the Authority --

19 MR. MIRGEAUX: Right.

20 MR. BURNETT: -- and were late in paying the 21 amounts. And so they wouldn't want the Authority 22 to then claim a default and a breach.

23 MR. MIRGEAUX: I mean, I'm not --

24 MR. BURNETT: And so this --

25 MR. MIRGEAUX: I'm not a legal expert. I

don't understand why you would put that in a 1 2 nonbinding MOU. I mean, it's not --3 MR. BURNETT: It's one of the things they want 4 to make sure is covered in the amendment. So right 5 now it's in here to say --6 MS. GREEN: It's a placeholder. MR. BURNETT: -- you know, there's plenty of 7 things -- I usually have about -- on any amendment, 8 I have about one and a half to two pages of 9 boilerplate language that I put in there anyways 10 to -- to cover a number of different issues, and 11 estoppel would be one of them, and this is their 12 way of making sure that estoppel language goes into 13 the amendment. 14 CHAIRMAN MAGUIRE: I'm going to ask. 15 This sounds like an estoppel. Is it? 16 MR. BURNETT: Yeah, that's what they want. 17 18 They want essentially the lease to 19 acknowledge -- they want the airport to acknowledge 20 as part of the amendment and this is a reference to 21 it, of what the language -- obviously the ultimate 22 language to go in the amendment will have more 23 detail to it -- but they want to make sure it's 24 covered that they're not in breach of the lease so 25 we're not going to call on the breach.

Because the way our leases are written, it's 1 2 specific to the FBO, it says that you -- there's an 3 anti-waiver provision in there. So you're not 4 waiving a default. You could still claim a default 5 because of the anti-waiver provision that's in 6 there. I assume their legal counsel's looking at it and saying let's button this up as part of the 7 amendment. It makes good sense. 8 MR. MIRGEAUX: I see how it makes good sense 9 for them. I'm --10 MR. BURNETT: Yes. 11 MR. MIRGEAUX: -- just trying to figure out, 12 okay, on our side of the ledger, we gave something. 13 14 What do we get? MR. BURNETT: I think the bigger -- I think 15 the thing from your staff's view on what you're 16 17 getting in exchange is the ability to put this 18 roadway where you want to put the roadway and 19 redesign the parking where some of it's within 20 their leasehold. 21 MR. MIRGEAUX: But, I mean, I'm assuming that 22 that's the whole point of whatever you want to call

future rent payments. That's -- that's what that is, is the last bullet of --

it, rent forgiveness or, you know, adjusting the

23

MR. BURNETT: I -- I believe -- I could be wrong, but I believe the hangars, for what they rent them for, I would assume derives more rent. It's a positive cash flow having those two hangar facilities there. So they're giving up having the hangar facilities there.

From our -- from our view, yeah, we're losing whatever that is, \$3000, \$3200 a month in rent. From their view, they're only paying \$3200 a month for those facilities and they're renting them for whatever cash positive number is there.

I mean, if it's -- you know, I don't know how many aircraft -- how many aircraft do those hold? And they're bigger aircraft, typically.

15 MR. MIRGEAUX: Right.

MR. BURNETT: So, you know, there's good revenue there, I guess, from being able to house those aircraft.

MS. LUDLOW: The thing is they -- they wrote what they wanted to write for us to approve and whether we approve it or not.

22 MR. BURNETT: I will tell you how this got 23 formulated was this is what we want to accomplish. 24 The lease -- because of the exhibits attached to 25 the lease, Ed, through the last lease iteration had pretty good exhibits created to identify the different spaces that are leased so that then they could be pulled back out. And so, that's where we're at.

Now we're obviously going to pull part of the leasehold back out and that's where the adjustment of rent comes from. The other pieces are, yeah, this is what they're asking in return because they would prefer to keep the two hangars.

10 CHAIRMAN MAGUIRE: This -- to me, this is 11 getting more involved than to a simple sentence. 12 If this is an estoppel or the equivalent of an 13 estoppel, we're not giving up anything at all. 14 We're not.

MS. LUDLOW: How do you figure that?
MR. BURNETT: You're more of giving up the -on the issue of, yeah, they're getting a first
right of refusal and they're -- they're getting -CHAIRMAN MAGUIRE: I'm not talking about first
right of refusal. I'm talking about the estoppel
issue.

They want to know that the fuel account is current. That was his question. That was all. Why is it in there? To me, it's an estoppel issue. MR. MIRGEAUX: Maybe I need to word it differently, then. If we're talking about the four bulleted obligations that are part of the agenda for this MOU --

4 CHAIRMAN MAGUIRE: Yes.
5 MR. MIRGEAUX: -- the last one being

6 acknowledgement that the fuel account is now
7 current, seems to be an unrelated issue, but
8 it's --

9 CHAIRMAN MAGUIRE: Seems to me it is related,
10 okay? It is related.

I just bought a building a couple of months 11 ago. I had to get an estoppel letter from every 12 tenant in that building, every single tenant. It's 13 required because you don't -- I don't want to buy a 14 piece of property and have a tenant come up to me 15 16 later and say, John Doe, the previous owner, 17 promised me that he would give me so and so and you 18 have to do that, okay?

19 That's the purpose -- the purpose of an 20 estoppel is to make sure there's nothing going 21 forward that's going to catch either party by 22 surprise. It's laid out right now. Am I wrong, 23 Doug?

24 MR. BURNETT: True. And it's -- that --25 obviously this is more specific to the fuel issue 1 because it was a big issue, you know.

2 But as far as general estoppel language, I 3 think you would have it in every amendment. I 4 think most every amendment that we've done on -- on leases would have it as a standard provision. 5 6 MR. MIRGEAUX: But your --MR. BURNETT: Now, it may be very short --7 MR. MIRGEAUX: -- your example, as I 8 understand it, was a change in ownership. So one 9 of the two parties between landlord and tenant is 10 changing, which as I understand makes sense why you 11 would want to do such a thing. 12 This is, you know, we're changing the property 13 itself that they're -- that they're leasing, that 14 they're renting. 15 CHAIRMAN MAGUIRE: So -- but you're saying 16 that you don't want the protection? 17 18 MR. MIRGEAUX: Well, what I'm saying is I -- I 19 mean, we -- the motion on the table now is to table 20 this for future discussion. 21 CHAIRMAN MAGUIRE: Right. 22 MR. MIRGEAUX: And that's, you know, the 23 motion I'm in favor of. When we talked about any 24 other discussion, that was something that I asked 25 to clarify on.

CHAIRMAN MAGUIRE: Yeah. 1 2 MR. MIRGEAUX: In addition to the right of 3 first refusal --4 CHAIRMAN MAGUIRE: Okay. 5 MR. MIRGEAUX: -- and then also that fuel 6 flowage issue that --CHAIRMAN MAGUIRE: And I understand. I --7 MR. MIRGEAUX: -- appears unrelated and I 8 appreciate you clarifying. 9 CHAIRMAN MAGUIRE: Yeah. 10 Yeah, to me -- to me, having some 11 acknowledgment that everything is clean and there's 12 nothing outstanding is part of your basic contract. 13 Whether you're buying, selling, leasing, or 14 whatever, you want to make sure that the other 15 party doesn't do something that's going to be 16 adversarial after the fact. And I -- that's what I 17 18 see here, unless I see it wrong. Is that what you 19 see? 20 So I don't have a problem with acknowledging 21 that the account's current. That's just saying 22 everybody is in agreement on the status, okay? 23 Now, the right of first refusal, that's a 2.4 different issue. Do we want to give direction to

Doug and Ed to negotiate out or in some manner

modify that element? And that's what Bob is trying 1 2 to say --3 MR. OLSON: I was --4 CHAIRMAN MAGUIRE: -- if you just say defer 5 it, it's going to come back exactly the way it is 6 right now --MS. GREEN: That's my concern, that we need --7 CHAIRMAN MAGUIRE: -- okay? Exactly --8 9 MS. GREEN: -- to do something now and give them direction --10 CHAIRMAN MAGUIRE: You'll see --11 MS. GREEN: -- to come back with something 12 13 different. CHAIRMAN MAGUIRE: You'll see this piece of 14 paper again next month --15 MR. MIRGEAUX: Right. 16 CHAIRMAN MAGUIRE: -- okay? So if you want to 17 18 come -- if you want to defer it, give some 19 direction on what you want to see --20 MR. MIRGEAUX: Yeah, I think that that's fair. 21 CHAIRMAN MAGUIRE: -- okay? Yeah. 22 And I have no problem with that. If you 23 want -- it's your motion, so do you want to give 24 directions to him that he --25 MS. LUDLOW: Well, I would think that he knows 1 what we have discussed at the table and he would 2 write it accordingly --

3 CHAIRMAN MAGUIRE: No. 4 MS. LUDLOW: -- what --5 CHAIRMAN MAGUIRE: You made the motion. 6 MS. LUDLOW: Okay. CHAIRMAN MAGUIRE: You have to tell him what 7 the motion contains and we have to agree to it, 8 okay? So give him some guidance in your motion. 9 10 MR. BURNETT: Ms. Ludlow, if I might, and you set me straight where I'm wrong. 11 I think the motion might be that we defer this 12 till next month. In the interim, that staff be 13 instructed to communicate with Atlantic Aviation to 14 get the specifics as to what they actually want for 15 a first right of refusal and the intent and see if 16 17 we can get that language fleshed out a little more for you. 18

19 CHAIRMAN MAGUIRE: Okay. Can I make a 20 suggestion? That your motion be amended to reflect 21 his comments and add it to the motion going 22 forward?

MS. LUDLOW: All right. I will amend it toreflect Doug's comments.

25 CHAIRMAN MAGUIRE: Okay.

MS. LUDLOW: But let me say one more thing.
 CHAIRMAN MAGUIRE: Okay.

MS. LUDLOW: The reason this fuel account is now current, I mean, that's what -- the reason they want that is because buried in their contract, they had that they got a -- a -- an increase of, I forgot, say one-eighth percent of the fuel or whatever every year, right?

9 Well, our people looked over that. I mean, 10 they missed it. It was in there somewhere, but our 11 people missed it until thank goodness Bob found it 12 and that came to the tune of -- that they had to 13 pay \$752,000.

So, now I know they want that to say now they're current, but you just have to look at that very closely; I mean, that they don't have something else buried in there that it took us five years to find this.

19 CHAIRMAN MAGUIRE: A valid point. A valid 20 point.

21Okay. Okay. So we have a modification on the22amendment. As a second, do you agree with that?23MR. MIRGEAUX: I agree with it. Second.24CHAIRMAN MAGUIRE: Okay.

25 MR. MIRGEAUX: Second.

CHAIRMAN MAGUIRE: All right. Now, go back to 1 2 the board. All in favor of the motion as explained 3 by Doug and approved by Reba, all in favor say aye. MS. GREEN: Aye. 4 MR. MIRGEAUX: Aye. 5 6 MS. LUDLOW: Aye. 7 MR. OLSON: Aye. CHAIRMAN MAGUIRE: Aye. Opposed? 8 9 (None.) 10 CHAIRMAN MAGUIRE: None. Okay. You have your direction. 11 MS. LUDLOW: Okay. Can I ask one question? 12 It might be -- I don't really understand this 13 term, but it came to me today about land banking. 14 Now, is this when something like Atlantic is 15 holding that land and is that land banking? 16 Because that's against the law if you do it over 17 18 two or three years, and they're trying to hold it for 15 years. 19 20 I work a lot. Land banking. CHAIRMAN MAGUIRE: Yeah, I don't know if that 21 22 would qualify as land -- I understand what you --23 it's a good question. I don't know if right of 2.4 first refusal qualifies as a land banking effort. 25 MS. LUDLOW: I know. 15 years.

1 MR. BURNETT: The right of first refusal would 2 require them to pay market rent from whatever they 3 were exercising their first refusal upon, because 4 as a subdivision of the State of Florida or an 5 independent district of the State of Florida, the 6 Airport Authority is required to lease its 7 facilities at market --

8 CHAIRMAN MAGUIRE: Uh-huh.

9 MR. BURNETT: -- and to do appraisals to 10 support it.

11 So I think the issue and what we may find out 12 from them is their intent is limited solely to 13 FBO-type facilities like the relocation. They 14 already have a right to, as I recall, in their 15 lease documents not that it is extending beyond or 16 proposed to extend beyond the 2036 time frame. I 17 didn't understand the language to contemplate that.

For example, in year 2035, they could exercise a right of first refusal, build a new structure and be able to stay it in for another 10 or 20 years. MS. LUDLOW: Yeah.

22 MR. BURNETT: I don't -- I didn't understand 23 the intent of this language to be anything along 24 those lines. The end date is still the 2036 date, 25 if that makes sense. But I'll make sure to find

out and we'll have those discussions with them to 1 2 see a what their true intent is. 3 CHAIRMAN MAGUIRE: Thank you. All right. 4 Now, is this where we're going next? 5 MR. WUELLNER: It would be. 6 CONTRACT AWARD - TERMINAL ACCESS - PHASE I 7 CHAIRMAN MAGUIRE: Okay. If you go to the agenda, contract award terminal access Phase 1. Go 8 ahead, Ed. 9 MR. WUELLNER: Well, you had two bids opened 10 or two separate -- it would be two separate 11 12 contracts. They were bid separately. One for the GA terminal parking lot work and the other for the 13 14 terminal hangar demolition. Without an MOU, I 15 mean --16 MS. GREEN: Yeah. 17 MR. WUELLNER: -- I'm not sure you would 18 certainly not want to act on the bulk hangar 19 demolition --20 CHAIRMAN MAGUIRE: Correct. 21 MR. WUELLNER: -- at least until that's 2.2 resolved. 23 It would be up to you whether you wish to 24 proceed with the mill and overlay and generalized 25 improvements in the front of the GA terminal at

this point. No reason you couldn't, but it would 1 2 be up to you. This work is not going to start till 3 likely in February or after, as it is. 4 CHAIRMAN MAGUIRE: Okay. 5 MS. GREEN: You said 90 days that we have a 6 window? MR. WUELLNER: For the bid-related part of it. 7 CHAIRMAN MAGUIRE: So your recommendation is 8 9 to not vote on it. MR. WUELLNER: Well, I thought -- I mean, I 10 think if you're --11 CHAIRMAN MAGUIRE: Without the MOU. 12 MR. WUELLNER: Well, the MOU really only 13 affects the bulk hangar demolition --14 CHAIRMAN MAGUIRE: Okay. 15 MR. WUELLNER: -- because it is the piece, 16 basically the demolition of the --17 18 CHAIRMAN MAGUIRE: Right. 19 MR. WUELLNER: -- property covered in the MOU. 20 So -- but that's --21 CHAIRMAN MAGUIRE: So your recommendation is 22 not to vote on the bulk hangar because of the 23 MOU --24 MR. WUELLNER: Yeah. I think until you settle 25 the MOU, why would you award a contract to demolish

it if you don't know that you're going to --1 CHAIRMAN MAGUIRE: Okay. Do you want us to 2 3 proceed on the terminal parking lot? 4 MR. WUELLNER: I think you have until the 5 January. I mean, I know you have the time to 6 approve it if you don't have a sense of urgency on it. 7 CHAIRMAN MAGUIRE: Okay. Consensus of the 8 board, do we delay both of them until next month? 9 10 MR. WUELLNER: It's really up to you. (Board indicates.) 11 CHAIRMAN MAGUIRE: We don't need to make a 12 motion on that. All right. 13 MS. LUDLOW: I concur. 14 BUSINESS PLANNING 15 16 CHAIRMAN MAGUIRE: Now, business planning. Robert, pay attention. Ed and Doug, we'll --17 18 I'm going to step out for just a minute, but go 19 ahead. That means that you control it while I'm 20 gone. Don't get carried away. 21 MR. MIRGEAUX: Don't get carried away. 2.2 CHAIRMAN MAGUIRE: I'll be right back. 23 (Chairman Maguire exits the room.) 2.4 MR. WUELLNER: Basically we asked, because 25 there was a component associated with the business

plan and the planning aspect as it tied directly to the master planning effort, as sort of the natural follow-on to the development plan, invited Andrew to speak about that interaction between the Airport Master Plan and the business plan as it's currently covered in our contract with them.

7 The work will likely be beyond that scope, 8 will include other things. It may be a vehicle for 9 outside resources. It may just be being done 10 internally. That's decision-making that's probably 11 out in January or after, depending on how Bob sets 12 the schedule on it.

But this is informational only. It's just designed to kind of inter -- kind of readdress or restate some of the things that were related to the master plan as they affected long-term planning and the ultimately the business plan.

18 All yours.

MR. HOLESKO: Thank you, Ed. Can we go to the slide, please?

21 So, as Ed mentioned, there -- there was a 22 multiyear FAA-funded Airport Master Plan underway. 23 The business planning elements of SWOT analysis, 24 economic development visioning, target markets and 25 marketing plans, those are not eligible items under

1 the traditional airport master plan.

5

2 So there was two -- two plans going on at one 3 time. One was very large from the F -- FAA 4 perspective.

(Chairman Maguire reenters the room.)

6 MR. HOLESKO: One was very small for business 7 planning.

I wanted to put the master plan goals up there 8 because there -- there have been just some 9 questions and comments about were there -- were 10 there some guiding goals for the traditional 11 Airport Master Plan and answer to that is yes, to 12 address, plan, and provide for airport safety, 13 14 airport capacity, air access and navigation, ground access, compatibility within the local community, 15 16 compatibility within the regional airport system, and that it is a financially feasible plan. 17

18 But if that is the -- the traditional Airport 19 Master Plan, it is not high-level visioning and 20 answering all the questions of why. These are --21 these are very well thought, very stable and 22 reasonable goals for an airport master plan here in 23 St. Augustine or anywhere else in the state of 24 Florida or anywhere else in the United States. 25 But they are the guiding factors that are

written in many ways to give guidance to the
 advisory committee and the Airport Authority on how
 to create an airport master plan. Next slide.

The result, there's two things. The first, it's very important to note that what's listed inside the master plan and the Airport Layout Plan are items and lists and footprints of what you can do.

9 It isn't what you will do. It is a blueprint 10 on a set of drawings in a technical report so that 11 if a project comes up and there is -- there is an 12 aviation demand, there is a business demand, 13 there's a demand for land use and land development, 14 that you have a plan that you can accommodate it.

15 It's also -- when I was writing the word "can 16 do" and discussing that with Ed, I will tell you 17 it's also a we can do this in a good way, like the 18 old we can do it. It's a can-do approach.

19 The Airport Master Plan and Airport Layout 20 Plan that you have in terms of being a supporting 21 document for an airport vision, you can do things 22 within the Airport Master Plan and the layout plan 23 like looking out our window today and building 24 T-hangars, maintenance hangars, flight school 25 improvements, another conference center, a flight

1 academy, student housing, a hotel, and professional 2 services on U.S. 1. And that's just here in the 3 south GA, that if you want to do it, you can.

4 Other areas of the airport that absolutely 5 supporting the vision, whatever it may be, and I 6 don't mean that that's a generic statement, but 7 it's very flexible for what you might want to do or 8 what might come our way.

9 I think it's the first Airport Master Plan and 10 Airport Layout Plan that ever showed the airport 11 being connected in any way directly to I-95 on 12 Big Oak Road. That had never happened before. 13 There was no feasible way to ever show an 14 additional MRO development on the west side of 15 U.S. 1 and being able to cross U.S. 1.

16 On the east side of the runway, you have area 17 for MRO or other large-scale commercial development 18 on the east side of -- of the runway. You have 19 corporate hangar development on the east side of 20 the runway. Again, all of these things, you can do 21 it. It is a supporting document.

I want to talk about the schedule for a minute because the master plan took a long time. It absolutely did. There was long periods of time of review. And I just reminded Ed of something that

again he had actually forgotten, too, that, you know, it took -- took three years to create the Airport Master Plan. And we would give regular updates to the board, but they weren't lengthy except for a few.

6 Over one year of the master planning process 7 the documents sat during agency review. For over 8 one year. And it could not proceed until the FAA 9 came back and said two specific components are 10 approved.

And I just wanted to share that with you 11 because there's -- I think there's some frustration 12 about the amount of time it took to create the 13 master plan. It's very frustrating for us, too, as 14 your consultant to sit back and not be able to work 15 16 on your master plan because the FAA has not come 17 back and given us two specific approvals that we 18 must have to have the project progress. Next, 19 please.

There is a vision and a SWOT that was created right here in this room with a different group of people than the Airport Master Plan advisory committee. It's a different -- it was a different group of people.

25 But we sat with them. Passero Associates did

1 not create the vision that day. We hired a

2 professional facilitator to come in and work with 3 the eight professionals that day, and they created 4 that vision. It was -- it was not us.

5 There is a SWOT summary. There was a 6 discussion on target markets. There are some 7 financial worksheets that we actually did create to 8 look at ROI and the development of the airport, and 9 we have done a visualization.

And I want -- I hope that I can come and share 10 that with you and hopefully with Mr. Olson before 11 next month or at your meeting next month because I 12 want you to see what we are -- what we are labeling 13 as Phase I. They weren't comprehensive to meet the 14 full needs of a business planning, which is why we 15 label it on Phase I. If we can go to the last 16 17 slide.

18 What we found during that SWOT analysis was -and I will tell you what the vision was. 19 The 20 vision of that group that day was to say that the 21 business plan and the economic development 22 potential of the airport is the sky's the limit. 23 I don't disagree with that as a 20,000-foot 2.4 elevation view of a vision for the airport, but it 25 didn't dis -- didn't address a vision, mission, and 1 goal for the airfield and the east corporate and 2 the main terminal and the south GA and the area 3 west of U.S. 1 because they are very different 4 functional areas of the airport. And we think 5 that's what is needed, not just something as 6 generic as the sky's the limit.

But that's what the facilitator and that's 7 what that group created that day. And that's part 8 of the reason that you haven't seen that yet, 9 because if we came to you and said, "Mr. Maguire, 10 the vision is the sky's the limit, " you'd say, 11 "Andrew, what does that mean? Give me more 12 details. Put some meat on that bone." And that's 13 what you see on the screen right here. Literally 14 that's what comes next. But there is a framework 15 16 from the master planning and that Phase -- and that Phase I work. 17

And then again there's got to be a marketing strategy, an operational plan, strategic partnerships, financial investment. We're not under contract for any of that with you in any way. We're not doing any of those things, that level of implementation.

It was simply to do the first phase of theSWOT analysis and to make sure that the master plan

could support whatever that vision was, and those 1 2 are the things we did for you. 3 So, as of today, whether I meet with Mr. Olson 4 now or before the next meeting or he or you want us 5 to come back and show you what we had from the 6 previous SWOT analysis, that's what we're ready to 7 do. CHAIRMAN MAGUIRE: Okay. Ouestions? 8 Ouestions? 9 10 MS. LUDLOW: I do, of course. So, what we're talking about, you -- you guys 11 will really --12 CHAIRMAN MAGUIRE: Reba, talk into your 13 14 microphone. MS. LUDLOW: Oh. You guys will really develop 15 what we think is best for the airport, right? Or 16 you'll tell us how to develop it and how to make 17 18 money and the best use of the land. 19 MR. HOLESKO: That is if -- if the -- if the 20 airport wants Passero to do that role. Some 21 airports choose us to do -- to identify those 22 roles. Sometimes we use a private facilitator. 23 Sometimes we use other consultants that -- and we 24 have not determined or recommended any of that to 25 you yet.

1

MS. LUDLOW: I see.

2 Well, you know, I don't know who -- I guess 3 this would come under business planning, then, for 4 Bob. Like our thousand acres over there on the west side of U.S. 1, you know, and we could have it 5 6 as a business park and have ancillary aviation companies and things like that. And property is 7 money, land is money. So I guess that would be in 8 the business plan of future what we would do with 9 10 our property. MR. OLSON: Yes. And I -- as you know, we 11 12 have a grant proposal with Economic Development Administration that does a lot of strategic 13 planning for aerospace-related activity. 14 MS. LUDLOW: Yes. 15 MR. OLSON: And so, that would tie nicely into 16 whatever else is done with business planning. 17 18 MS. LUDLOW: I just thinking about our thousand acres over there. 19 20 MS. GREEN: Well, over the years with these 21 master plans that I've been involved in since 2000, 22 these are vision plans. They are business, but 23 it's a vision. 2.4 MS. LUDLOW: Right. MS. GREEN: Remember we have gone for years 25

with a multimodal over there --1 2 MS. LUDLOW: I know. 3 MS. GREEN: -- and we were doing the sabal 4 palms and, I mean, all kinds of things back and 5 forth. So, I mean, these are good groundworks for 6 us. 7 MS. LUDLOW: Uh-huh. MS. GREEN: And I think what Passero's been 8 able to present to us gives us flexibility because 9 that's the vision that we -- that we want. 10 I don't -- I don't necessarily want to be tied 11 to a business plan --12 MS. LUDLOW: Right. 13 MS. GREEN: -- but we need to think out of the 14 box, and that's what they've presented to us. 15 So --16 17 MS. LUDLOW: I totally agree. 18 MS. GREEN: -- I think that gives us some 19 freedom. 20 CHAIRMAN MAGUIRE: And that's a good point, 21 that we don't want the business plan to tie our 22 hands --23 MS. GREEN: No. 24 CHAIRMAN MAGUIRE: -- but we want the business 25 plan to give us guidance when we make our

1	decisions: Why, where, et cetera, okay?
2	MS. LUDLOW: Thank you.
3	CHAIRMAN MAGUIRE: Okay. Any other comments?
4	(None.)
5	CHAIRMAN MAGUIRE: Okay. Thank you, very
6	much.
7	MS. GREEN: Thank you.
8	CHAIRMAN MAGUIRE: And Robert will put
9	together his plan on how fast, when, where, what,
10	and coordinate with Doug and Ed, all right? And to
11	what level the business plan should go.
12	If you've ever created a business plan, a full
13	in-depth business plan is very complicated and it's
14	hard to create.
15	MR. OLSON: Yeah. Fortunately there's
16	there's some current recently done business plans
17	at other airports that we can look at and learn
18	from, especially airports that are roughly the same
19	level of functioning as this one.
20	CHAIRMAN MAGUIRE: Okay.
21	MR. OLSON: So we have that option, too, to
22	look at those.
23	CHAIRMAN MAGUIRE: Any other comments
24	anybody want to give a comment to Robert on what
25	you're thinking? Just do it and come back and tell

1 us.

2	MS. GREEN: Yep.
3	MR. MIRGEAUX: I think the just very
4	briefly, I think that the real value add to this
5	process is going top in that operating
6	operationalizing piece. I think I just made up a
7	word.
8	Operational plan the operational planning
9	that's the vision of the master plan is great,
10	but prioritizing how and when things get done,
11	that's that's a real heavy lift, so I appreciate
12	you stepping in to do that. Thank you.
13	CHAIRMAN MAGUIRE: Okay. I'm going to open
14	this up as a combination of business planning
15	comment and public comment. We'll start off with
16	Len Tucker again.
17	PUBLIC COMMENT - GENERAL
18	MR. TUCKER: I have no comment.
19	CHAIRMAN MAGUIRE: No comment? Okay.
20	Mr. Liotta?
21	MS. LUDLOW: No.
22	MR. LIOTTA: Are you giving three minutes for
23	each or are you doing a combined
24	CHAIRMAN MAGUIRE: Can you do it all? You're
25	pretty eloquent. Can you do it all in three

1 minutes?

2 MR. LIOTTA: No, I'd prefer not. So --3 CHAIRMAN MAGUIRE: If you focus on business 4 planning and then focus on public comment, okay, 5 we'll give --6 MR. LIOTTA: I will do very abbreviated since these are being combined. 7 You know, I think business planning is super 8 9 important --CHAIRMAN MAGUIRE: Remember to talk into the 10 microphone because she has to get it. 11 MR. LIOTTA: I think business planning is 12 super important. I look forward to Robert's work 13 14 on that. I would ask the board to consider how to 15 actually get the public involved in that process. 16 17 We recently had a workshop meeting here and, you 18 know, reading some of the e-mails that I've gotten 19 through open records request was -- referred to the 20 workshop as a format that had heightened public 21 involvement, yet in this workshop, the board spoke 22 for two hours and we only got three minutes to say 23 anything to their two hours for the comment. That 2.4 actually seems like less time compared to the 25 amount of discussion that we have in a normal board 1 meeting.

2 So, hopefully in the business planning, you 3 could find a way to actually interact with the 4 community that you serve so that you better 5 understand how to serve it.

6 I think that what we've seen here is an unprecedented change in aviation. When COVID 7 happened, scheduled aviation went to the lowest 8 that it's ever seen and general aviation has gone 9 to the highest that they've ever seen. And now 10 we're actually seeing that general aviation may be 11 completely different than it ever was. And you've 12 got to take that into account. 13

Everybody in every business is now starting to 14 ask questions: What's happening to office space? 15 16 How do we deal with remote employees? Everybody is thinking about changes that have happened because 17 18 of the pandemic. You need to do the same. And 19 general aviation has been a huge change. So I'd 20 just like to see more public involvement in the 21 business planning.

As far as general comments, I am going to repeat the same general comment that I've made at multiple board meetings. I still have not seen the board respond to Ed's e-mail about no jets in the

south GA area that was unlawful. We need 1 2 accountability and we need that to be rectified. 3 At a certain point, if the board doesn't do 4 that, it's malfeasance on the board's part. I 5 don't like to make allegations, but this is the 6 case. And I've recently come to learn that also in 7 the south GA, Nimbus Aviation has regular 8 occurrences of Flexjet coming to their leasehold 9 and picking up one of their principals. I simply 10 asked to have NetJets pick me up at our leasehold 11 just as Joe Duke does at Nimbus, but I was denied 12 that by Ed in his e-mail. That's not right. 13 Thank 14 you. CHAIRMAN MAGUIRE: Thank you. Okay. Anyone 15 16 else? 17 MR. KREIS: Public comment? 18 CHAIRMAN MAGUIRE: Public? Come up on up. 19 Give your name. Did you -- oh, you just gave me 20 this, didn't you? 21 MR. KREIS: I did. 22 CHAIRMAN MAGUIRE: Okay. 23 MR. KREIS: I'm Bruce Kreis. I'm president of 2.4 the Pilots Association for the next few minutes. 25 As -- as we do, I've been president for about

1

two years and I've got some really good

2 relationships going here. We've had great
3 participation and communication with the airport.
4 So, I appreciate that and I just want to make sure
5 that's on the record.

As we do every December, we trick somebody --I mean we select a new president, and I want to introduce our new president for the year coming forward. This is Jamie Topp.

10 MR. TOPP: How are y'all doing?

MR. KREIS: So you'll be seeing him in the meetings and stuff and on the e-mails coming from him instead of me. And if I could ask Cindy maybe to replace me -- him with me for all the e-mails communications and stuff. If you would do that, that would be great.

Want to say anything, Jamie? He's got a very long career in aviation, thousands and thousands of hours as a pilot. I think he's going to be a really good addition to SAAPA.
MR. TOPP: I look forward to it.

22 MR. KREIS: Thank you.

23 MS. GREEN: Thank you.

24 MS. LUDLOW: And thanks for your service.

25 CHAIRMAN MAGUIRE: Any other public comment?

1	(None.)
2	MEMBER COMMENTS AND REPORTS
3	CHAIRMAN MAGUIRE: Okay. Bring it back to the
4	board. Let's go down the list. We'll start off
5	with Reba at the end of the table.
6	MS. LUDLOW: I love being on that TPO, that
7	Transportation Planning Organization board. It is
8	so interesting and and the nicest people,
9	because they get people from every community, every
10	county I don't know how many. But you learn
11	something every time.
12	So I found out how much our sidewalks cost. I
13	found out that 23,000 cars pass the amphitheatre
14	every day, and they're trying to figure out how to
15	make it safer, whether to make the lanes narrower
16	and the bike path but make the lanes narrower,
17	which would cause you to slow down they think.
18	I'm just giving you an example of some of the
19	things that come up there. And then they're
20	talking about a roundabout at Old Quarry Road. So
21	St. Johns County is represented. So it's a really
22	really good asset for us.
23	CHAIRMAN MAGUIRE: Do you get the the
24	report that shows the budgeting for the different
25	transportation systems throughout the different

1 counties?

2	MS. LUDLOW: Yes. I think we just got that
3	the end of the year.
4	CHAIRMAN MAGUIRE: Okay.
5	MS. LUDLOW: Yes. You want me to I'm happy
6	to share these things because it helps us.
7	CHAIRMAN MAGUIRE: Yeah. Okay.
8	MS. LUDLOW: Thank you.
9	CHAIRMAN MAGUIRE: How about the
10	Aerospace Academy, any comment there?
11	MS. LUDLOW: We haven't had anything with the
12	Aerospace Academy yet
13	CHAIRMAN MAGUIRE: Okay.
14	MS. LUDLOW: but looking forward to it.
15	CHAIRMAN MAGUIRE: Robert?
16	MR. OLSON: Yes, I missed the EDC breakfast,
17	but I believe we were well covered there. So
18	MS. LUDLOW: I was there.
19	MS. GREEN: Reba was there.
20	MR. OLSON: Oh.
21	MS. GREEN: I had a certain judge
22	MR. KREIS: Oh, okay. You were there.
23	MS. GREEN: that told me I had to be
24	somewhere else.
25	MR. OLSON: Oh, you were there. Okay. But

I I -- the county has initiated a branding -planning work on branding the county for how we -how the county communicates about itself.

I don't know a lot about it, but I'm on the focus group for business and economic development, and that focus group is having its session on Friday and I'll report back to this board how that went.

CHAIRMAN MAGUIRE: There's a big concern among 9 the residents that the branding that you're talking 10 about does not relate to more tourist activity, but 11 leave it to -- to economic activity because we have 12 too many tourists -- I'm passing on what people 13 have been telling me -- we have too many tourists 14 in town already, but we do need more economic 15 activity. 16

MR. OLSON: Okay. So what you're hearing is no more tuning up on the tourism? Is that what you're hearing?

20 CHAIRMAN MAGUIRE: Well, you can only put so
21 many ants on the pin head.

22 MR. OLSON: Yeah.

CHAIRMAN MAGUIRE: We have too many already -MR. OLSON: Okay.

25 CHAIRMAN MAGUIRE: -- okay? All right. So --

and that comes from people who are in the business 1 2 of tourism. 3 MR. OLSON: Well, that's one of the actual 4 three groups. So there is a branding one for 5 tourism, too. 6 CHAIRMAN MAGUIRE: Yes. 7 MR. OLSON: It sounds like they have a 8 challenge. 9 CHAIRMAN MAGUIRE: Yeah, because we don't -we -- my opinion, we don't need to brand tourism; 10 we are well-known and well represented. 11 MR. OLSON: Only if they fly in for their 12 13 visit. CHAIRMAN MAGUIRE: Well, into the airport --14 this airport. Okay. Justin? 15 MR. MIRGEAUX: Nothing to update. I wish 16 everybody a happy holiday. 17 18 MS. LUDLOW: Thank you. 19 CHAIRMAN MAGUIRE: Suzanne? 20 MS. GREEN: Nothing, either, because of the 21 EDC, so that was taken care of. 22 CHAIRMAN MAGUIRE: Okay. I only have one 23 thing and I want to relate -- I wrote it down here 2.4 if I can find it. 25 I want to relate back to Mr. Liotta's comment

that physical age of a property is really 1 2 immaterial. And that goes with what Len Tucker 3 said. How old the building is don't really matter 4 in the business world for business people. It's 5 the economic ability of that building to provide 6 for whatever it is you want. It is the -- it's the driving force to whether or not you keep a building 7 8 or you tear it down. So I agree with you, Mr. Liotta, completely on 9

10 that regard. If it -- if you don't get the amount 11 of money that you should be getting out of that 12 building, it's time to tear it down. And that's 13 not related to anything we're talking about except 14 I wanted to mention I agree, okay?

15 I don't have anything else. Now, our next 16 meeting is?

17 MS. GREEN: January 10.

18 CHAIRMAN MAGUIRE: Let me find my piece of 19 paper.

20 MR. WUELLNER: January 10th.

21 MS. LUDLOW: January 10th.

22 CHAIRMAN MAGUIRE: January 10th, 4 p.m., okay?23 MS. LUDLOW: Thank you.

24 CHAIRMAN MAGUIRE: Nothing? Adjourned.
