	[1]	CHAIRMAN ROSE: I'd like to clarify a point,	[ 1]	year, which puts it after July till it would be a
	[2]	Ed. And I thought of this when we were	[2]	project that even could be put under grant with
	[3]	discussing it at the workshop, but I didn't ask	[3]	DOT. Depending on the value of that, it could be
	[4]	you about it,	[4]	after October till this board or any other board
	[5]	But if if the TOPS program continues and	[5]	could react to matching that grant. So
	[6]	is funded next year by the legislature, and if	[6]	CHAIRMAN ROSE: If that were the case, if we
	[7]	for some reason we get a grant of some amount	[7]	got the got the grant in October, if we
	[8]	from them, when do we have to match that money?	[8]	weren't able to match that grant until the next
	[ 9]	Can we match it does it have to be matched	[ 9]	January or February
	[10]	that fiscal year, or can the money be encumbered	[10]	MR. WUELLNER: I don't think that time line
	[11]	but not spent or used until the following year or	[11]	would be problematic. But if you were looking to
	[12]	the next year?	[12]	take two or three years to develop the project,
	[13]	MR. WUELLNER: I believe they want you to	[13]	then I think

	[19]	CHAIRMAN ROSE: Well, you just said what	[19]	MR. WUELLNER: I think there's a relatively

	[21]	the legislature adjourned?	[21]	unlike our because it would actually be
ı	[22]	MR. WUELLNER: You could have the allocation	[22]	facilitated through a JPA, much like you see
	[23]	made. It would be	[23]	everyday or every meeting almost. It's going to
	[24]	CHAIRMAN ROSE: The alloc from the DOT?	[24]	have a three-year two- or three-year

	[ 1]	CHAIRMAN ROSE: Is there any public comment	[1]	MR. WUELLNER: Absolutely.
	[ 2]	on this thing?	[2]	CHAIRMAN ROSE: before any of this comes
	[ 3]	(No public comment.)	[ 3]	to fruition.
	[ 4]	CHAIRMAN ROSE: Any board discussion?	[ 4]	MR. WUELLNER: You could meet with them

	[7]	MR. CIRIELLO: I always have a question.	[7]	MR. LASSITER: And the sourcing of the local
	[ 8]	Ed?	[ 8]	funds could be from anywhere.
	[ 9]	MR. WUELLNER: Uh-huh.	[ 9]	MR. WUELLNER: Exactly, None of that it
	[10]	MR. CIRIELLO: If we okay this agenda item	[10]	could be anywhere. And in fact, there's nothing
	[11]	as is, with all the stuff that's in it, does that	[11]	to prevent you from coming back later with
		automatically mean that that \$250,000 that we	[12]	additional items toward the TOPS program again,

	[14]	to do with that.	[14]	My concern, I've said it a few times
	[15]	MR. WUELLNER: It could it could have	[15]	publicly now, is that I don't personally believe
MESOSSETIMA	[16]	later if you make that decision to do that, but	[16]	that TOPS program is going to survive more than
	[17]	it does not at this point. This is a request for	[17]	this current year with bullet train and some
		the State to provide some matching funds for the	[18]	other things in there looking to suck up any
	[19]	project, but you have not committed to match	[19]	available dollars in the state budget,
	[20]	anything the State found yet.	[20]	If you don't aren't in the game this
	[21]	MR. CIRIELLO: Okay.	[21]	year, I think your your odds go down
	[22]	MR. WUELLNER: That's part of the grant	[22]	dramatically in the next year, the following
	[23]	agreement itself.	[23]	fiscal year.
	[24]	CHAIRMAN ROSE: We'll have an opportunity to	[24]	CHAIRMAN ROSE: Any further questions or
