We're still waiting we can't get the final DR-420 form from the count from the tax collector and the appraiser's office until July 1st. So, once that hits the ground, the clock starts for the normal statutory time line for budget adoption. So we can't do a TRIM notice until July or can't adopt a TRIM millage until July, and then we have till the first week of August to get it actually sent into the County. So that's on your plate for next month, so plan on spending a few months. We'll make our usual presentation of budget and be able to get to a point I think we can set
